and 3D fireplace

WELCOME TO

FIRE PLACE HUB

Fireplace hub is an interior design company incorporated in Kenya in the year 2020. We are very passionate about our products and our main aim is to make sure that our customers are satisfied by our products both in terms of product quality and value for money. We guarantee our clients great customer service during purchase and after sale service.

A dark, atmospheric photograph of a modern living room. On the left, a fireplace is lit, casting a warm glow. In the center, a low wooden coffee table sits on a light-colored rug. To the right, a dark sofa with patterned cushions is visible. The overall mood is cozy and sophisticated.

MODERN  
LIVING

### OUR MISSION

To be the leading source and/or supplier of electric fireplaces in Kenya and the entire East Africa region.

### OUR VISION

To be the most recognized supplier of electric fireplaces in Kenya, East Africa and the whole of Africa.

### OUR VALUES

Integrity

Timely Delivery

Value for Customer

Teamwork
